# MAJOR 2020 CAMPAIGNS

## ANTI-GERRYMANDERING

### Arkansas

Campaign: [Arkansas Voters First](#)

Arkansas Voters First, a 2020 anti-gerrymandering ballot initiative. This is a nonpartisan campaign to make redistricting open, transparent, and fair. This measure would establish an independent citizens commission that prohibits lobbyists and national political operatives from influencing how voting maps are drawn, and requires a fully transparent process with public input.

### Missouri (defense)

Campaign: [Clean Missouri](#)

In 2018, the Clean Missouri campaign won an impressive 64% victory to end gerrymandering for Missouri state districts. But this year Missouri politicians are trying to overturn the amendment that voters passed by referring their own measure to the 2020 ballot. Unsurprisingly, it's a "lipstick on a pig" amendment that they're selling as an improvement. The Clean Missouri campaign is defending their 2018 victory at the ballot this year.

### North Dakota

Campaign: [North Dakota Voters First](#)

North Dakota Voters First is a ballot initiative campaign for 2020. The policy includes independent nonpartisan redistricting, top-four open primaries and ranked-choice general elections, election security, and protections for overseas and military voters.

### Pennsylvania

This campaign is fighting for an independent, transparent, and accountable citizens redistricting commission. Their work has already led to hundreds of municipal governments passing resolutions to support redistricting reform. With the next redistricting cycle looming on the horizon, they're championing legislation to unrig Pennsylvania's redistricting process.

### Virginia
