

# DEMOCRACY OR DICTATORSHIP?

## The President of the United States is staging a coup.

This is not speculation or partisanship. It's fact.

He is pressuring swing state lawmakers to throw away the election results, ignore the will of the people and declare him the winner.

If this illegal seizure of power were happening in any other country, we would call it what it is: an attempted coup d'état.

We are the United States of America. We do not allow the political whims of one man to flout the rule of law or desecrate the democracy our forebearers fought and died for.

If you value democracy, you must act now.

### 1. Call your state lawmakers.

Tell them you will not stand for this naked power grab.

The more you call them the better it works.

### 2. Fight disinformation and lies.

Distrust and confusion are enabling this plot.

Check sources. Check facts. Spread truth.

Our Republic is in peril—our Constitution under threat.

If we do not stop this coup, the United States of America will no longer be the world's greatest democracy.

We will be a dictatorship.
