CHANGE IS POSSIBLE

Imagine an America without corruption and political extremism; where the government tackles serious issues and represents the will of the people -- not just special interests.

The Change Makers giving society began with this vision of a better America, and **together we can make it a reality.** Since 2012, Change Makers like you have joined RepresentUs to power more than 155 victories in communities across the country to defend our democracy and hold elected officials accountable at every turn.

With your help, we can do even more.

"I joined RepresentUs because I finally found an organization whose focus is the un-hijacking of our government. Until that happens nothing else is going to matter."

- PHILIP FROM NEBRASKA

By committing to a gift of \$5,000 - \$49,999/year for two years, Change Makers directly fuel RepresentUs' core work so we can respond to threats as they emerge, and channel resources where they're needed most.
